Logitech® for Business

B500 1.3MP Webcam

- **Optimised for Microsoft® Office Communicator**
- **72-degree wide-angle lens**
- **Lifelike image quality**
- **Plug-and-play, UVC-compliant video conferencing***
- **Privacy shade**

The B500 1.3MP Webcam is a high-performance webcam that makes professional communication and collaboration affordable. You can be confident that your webcam is optimised for Microsoft® Office Communicator to give you the best video conferencing experience. A 72-degree wide-angle lens allows everyone to be seen during small group video conferencing. A true 1.3-megapixel sensor provides rich, vibrant images. VGA streaming video at up to 30 fps means you'll enjoy video with an impressive level of detail and fluidity. The glass lens delivers sharper images and maximum clarity. It offers plug-and-play video calling for users of Windows 7®, Windows Vista® and Windows® XP. And a privacy shade lets you cover the lens anytime to prevent unwanted transmission of images.

* Software installation required for video/photo capture, RightLight and RightSound technology.
